Healthy Food Small Retailer Program

Nominate Your Neighborhood Store

The Healthy Food Small Retailer program is designed to help increase access to nutrient-dense foods in areas which are considered “food deserts.” Participating stores will receive equipment to help them stock fresh foods thereby providing the community with ‘better-for-you’ choices.

The support of the community helps these store owners be successful in offering these new food items. Nominate your store **before the January 31 priority deadline** for the best chance at being included in this year’s program.

Once your nomination is received, a HFSRP Coordinator will contact the store owner to notify them of their nomination and encourage them to participate.

Submit via **FAX (919) 733-0999** or call us with the information at (919) 707-3173
